- ✦ To Encourage and Maintain a High and Honorable Standard Of Professional Conduct.
- ✦ To Implement Innovative In Research and Development.
- ✦ Achieve The Benefits Of Innovation Without Increasing Their IT Expenditure.

OUR MOTTO

*Innovative / Quality / Warranty / Technology / Performance /
Wide Service Network / Core Competence*

Today almost every Engineering and Professional graduate programs in India include Career Training as an important part of their curriculum. But most of the students always run to obtain a merely certificate and due to this there is acute shortage of trained professionals with the desired skill sets. Further there is an ever increasing demand from the Industry. Our objective is to enhance the knowledge of the students on different cutting edge technologies which has been important part of industry.

In order to minimize the gap between the NEED and HAVE through eminent skilled resources in the IT industry, **EGS** has designed a curriculum for Corporate Career training which incorporates augmented learning approach through blending classroom, training and Guidance by Leading **MNC** along **EGS** experts. Programming Practice and hands on lab exercise will season the students both on the theoretical & practical exposure needed to build strong IT expertise.

We glad to provide the HANDS-ON- TRAINING CLASSES & CAREER PROGRAM for the students with certificate
